

Save The Date For The 24th Annual New England Science Symposium

Sunday, March 30, 2025

Established in 2001, NESS provides a forum for postdoctoral fellows; medical, dental and graduate students; post-baccalaureates; college and community college students (particularly for African-American, Hispanic/Latino and American Indian/Alaska Native individuals) to share their biomedical and health-related research activities through oral or poster presentations, to engage in discussions related to career development in the sciences, to exchange ideas and to expand their professional networks. The application will open on September 3, 2024.

Why Attend NESS?

- Free to attend! Pre-registration is required.
- Network and build a diverse community of colleagues.
- Awards in multiple categories!

Award Categories:

- Bioinformatics, Physics, Chemistry or Engineering
- Clinical or Social Science
- Cancer-Related Research
- Neonatology
- Public Health, Epidemiology or Biostatistics
- Microbiology, Immunology, Genetics or Molecular Biology
- Cellular Biology, Neuroscience, Biochemistry or Physiology
- Translational Research
- Stem Cell and Regenerative Medicine Research

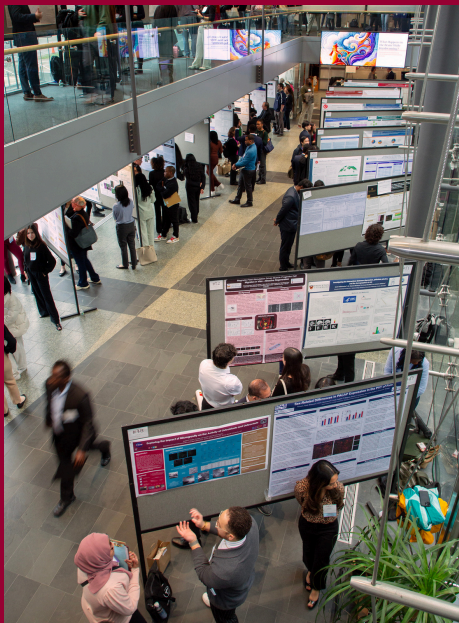

The Virtual Abstract Feedback Session: Saturday, December 7, 2024

This preparatory session is designed for individuals who wish to receive feedback on their abstract from advisors and peers before submitting it. The meeting will be set-up in small groups (5-7 individuals) where students will give 2-4-minute elevator pitch to the group. Participation in this session is not required, nor does it guarantee acceptance. The Virtual Abstract Feedback Session is an annual event that occurs in early December and the application will open on September 3, 2024.

The Biomedical Science Careers Program's Biennial Conference will take place on Friday, March 28th, and Saturday, March 29th, at The Westin Copley Place.

More details on this conference are coming soon and applications for this 2-day event will open in the fall.
